

# Lesson Plan

Lesson Plan for Teachers

## Lesson Plan

**Lesson Objectives:** To be able to define the term stock market  
To be able to perform a range of financial calculations  
To be able to assess the factors that impact on the value of the share price  
To be able to evaluate the risks of investing in the stock market

**Advanced Preparation:** The BeeBusinessBee Stocks and Shocks game has been designed as an interactive activity that can be conducted with students of all ages. The activity relies on the interactive elements throughout the different stages of the activity.

You should ensure that you have internet access, with the ability to view the BeeBusinessBee YouTube Channel. You should also print off the different worksheets that compliment this activity, which can be downloaded from BeeBusinessBee (Student Workbook).

**Required Resources:**  
BeeBusinessBee.co.uk  
BeeBusinessBee YouTube Channel  
Calculators  
Worksheets (Student Workbook)
